## LATEST NEWS FROM ABROAD.

The Unveiling of a Statue Erected to Columbus.

TWO RECORDS BROKEN AT YALE.

Another Bill Introduced in Congress on Behalf of Silver—Arrangements for a Brilliant Russian Wedding—Reception Given to Secretary Herbert.

WASHINGTON, May 12.—The idea seems to prevail that the Chinese treaty has been shelved in the Senate. The fact that the special order for the consideration of the treaty today was laid aside has given color to the belief that there is decided opposition to the measure. There is undoubtedly a majority in favor of the treaty, but that is not enough, as two thirds is required. It is doubted that the treaty can be ratified at the present time.

Senator Morgan, who has charge of it, says there is an understanding between him and the Senators in charge of the tariff bill and that the laying aside of the treaty has no significance other than a desire to push the consideration of the tariff bill. But knowing ones declare that the Alabama Senator is concerned as to the fate of the instrument and wants to make a thorough canvass of the Senate before calling it up again.

Herbert at Mare Island.

VALLEJO, May 12.—Tonight the flag of the Secretary floats above the navy yard and Mare Island is the headquarters of the Navy Department. Mr. Herbert is the guest of Commandant Howison. The evening from 9 to 11 o'clock was devoted to reception at the Commandant's residence, an antique but not unpicturesque brick structure at the head of the shaded avenue leading up from the island dock.

It was about 1:30 o'clock that the yellow stack of the Monterey was sighted coming around the bend. Ten minutes later the shore battery began to boom its salute of nineteen guns. An hour before this a double file of marines had been drawn up, and all this time officers, resplendent in gold trappings and chapeaus, had turned their eyes in the direction whence the Monterey had been expected. Among them was Commandant Howison, dignified, but fully as expectant as the lesser lights. The officers of the Independence and Ranger were all on hand excepting one lieutenant, who is under court-martial.

Brilliant Wedding in Prospect.

LONDON, May 12.—Arrangements have already been commenced which indicate that the wedding of the Czarowitz and Princess Alix of Hesse will be the most gorgeous ceremony of the kind witnessed in Europe in many years. Every reigning family will be represented, and all the Asiatic potentates under the Czar's suzerainty will send delegations and special missions to St. Petersburg with costly gifts.

The shopkeepers of the Russian capital and Moscow expect the most brilliant and profitable season of this generation, and owners of villa party in the neighborhood of Peterhof, the Czar's Baltic palace, are so confident that the boom will affect them that they have already trebled their rents. Queen Victoria, according to current reports, has responded nobly to the family call by promising £10,000 toward the bride's dowry.

A Statue of Columbus.

NEW YORK, May 12.—The bronze statue of Christopher Columbus, executed by the Spanish sculptor Sunol, was unveiled with becoming ceremonies at Central Park this afternoon. General Grant Wilson presided and introduced Vice-President Stevenson, who in unveiling the statue spoke briefly. Regrets from the Duke of Veragua were read. Some remarks by Baron Fava, the Italian Minister, followed. Mrs. Julia Ward Howe read the poem of the "Mariner's Dream," written for the occasion, and Senator Don Murag spoke in Spanish. An oration by C. M. Depew closed the exercises.

Two Records Broken.

NEW HAVEN (Conn.), May 12.—Yale won to-day's meeting with Harvard by 59 points against 53. The contest was very exciting, and was only decided by the next to the last event, when the unexpected happened, Sheldon of Yale defeating Bloss of Harvard. In the 220-yard run the final heat was won by Bremer, '95, of Harvard. Time, 24 3/5 seconds. This breaks the world's record by one-fifth of a second. The sixteen-pound hammer throw was won by Hickok, '95, Yale, a distance of 113 feet 11 inches. This breaks the inter-collegiate and world's record from a stand.

In Behalf of Silver.

WASHINGTON, May 12.—Representative Patterson of Tennessee has introduced a bill providing among other things for the issue of short term 3 per cent bonds, redeemable in coin, the

proceeds to be used for maintaining a parity between gold and silver; for abolishing the tax on circulating notes of State banks; making the tax on National Bank notes one-quarter of 1 per cent; allowing National Banks to issue circulation equal to the par value of the bonds deposited with the Treasury, and to coin into standard dollars \$5,156,537 out of the silver bullion now in the Treasury purchased under the Sherman Act. The coinage is to become a part of the general cash in the Treasury.

Forced to Turn Back.

VIENNA, May 12.—William Astor Chandler, the African explorer, is at Trieste, where he was met today by Lieutenant von Hohnel, who was a member of Mr. Chandler's expedition. Lieutenant von Hohnel was wounded by a rhinoceros August 25, 1893, and was compelled to forego any further journeying with the expedition. He was carried from the far interior of Africa to the coast, where he took a vessel to Zanzibar and proceeded to Europe.

A Novel Armor Plate.

CHICAGO, May 12.—Paul Humy is the inventor of a novel form of armor plate, which will soon be given a trial by the Government. Humy's plan is to put the edge of the plate instead of the surface to the enemy. The plate is to be composed by two-inch steel plates, set on edge and bolted together.

Judge Harlan Seriously Ill.

LOUISVILLE, Ky., May 12.—Judge Harlan is dangerously ill at his home in this city. About 3 o'clock this afternoon, while walking on the streets, he was stricken with apoplexy. Judge Harlan is one of the best known lawyers in this city. He is a brother of Associate Justice Harlan, and is about sixty-two years old.

The fire station at Sioux City, Ia., was set on fire by incendiaries and Electrician Provost and Captain Hilders were so badly burned that their recovery is doubtful.

LONDON, May 12.—Home Secretary Asquith has refused to order the release of Mrs. Maybrick or even to reopen her case for the purpose of introducing new evidence.

LONDON, May 12.—A dispatch to the Times from Buenos Ayres says commerce is paralyzed from the low price of products and the high gold premium.

Suit has been commenced by several New York men to secure possession of 19,500 acres of farm in land in Iowa. They claim it was sold at a fraudulent Sheriff's auction. Many settlers are involved.

James J. Corbett, in addition to his engagement in the Foliesbergers, Paris, has been invited to visit Antwerp and play before King Leopold of Belgium, who has expressed a desire to see him.

A divorce suit has been commenced at Edinburgh, in which Viscount Francis George Baring, eldest son of the Earl of Lorthbrook, Thomas George Baring, is respondent. Viscount Baring has been a member of Parliament.

A Toledo, O., machinist has gone insane. He thinks he has wheels in his head. It is thought that the constant noise of machinery caused the trouble. He put carbolic acid in his ears to stob the imaginary noise and was badly burned.

Miss Callie French, daughter of an old Mississippi captain, and his companion on the river for fifteen years, has been made a member of Harbor Lodge, No. 28, United States Association of Pilots, at St. Louis. She is the only female pilot in the order.

St. Petersburg, May 12.—Several persons were killed in the anti-Semitic riots in Southern Russia during Easter. At Ekaterinoski the workmen broke into shops owned by the Hebrews and maltreated them. One hundred rioters were arrested.

Mrs. Sophia Ottenthaler, on trial at Milwaukee, Pa., managed to escape from court unobserved, and, finding a horse tied to a post near by, though without bridle or saddle, jumped astride of him and at last accounts was careering manfully away into the distance.
